WELCOME TO LOS BOSMOS!

Welcome to Los Bosmos, the glitzy, shiny metropolis of a future controlled by the mega-corporation Comaco – sellers of everything to everyone, everywhere.

Harmless enough, until Mya de Zya (CEO of Comaco) joins forces with a new arrival in Los Bosmos: Vox, an evil sonic lord with one aim – to spread disharmony and chaos over the city.

Only FREEFONIX, the hottest Freewave crew in Los Bosmos, can stop Vox. These three mis-matched teens (BB, Freezbone and Mostart) are sonic warriors who must protect the most powerful force in the Universe: THE 13TH NOTE. They are all that stands between Vox, Mya and her rock band cronies MANTYZ corrupting the mystical musical energy of The 13th note to reign supreme over Los Bosmos.
